UB 1 Universal Bulkhead

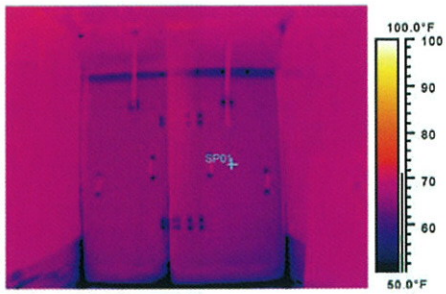
Benefits:

- UB1 Universal Bulkhead fits virtually every trailer dimension.
- No trailer measurements needed when ordering
- Keep inventory on hand for new or replacement requirements
- Able to move from trailer to trailer in fleet, not dedicated to a specific trailer
- Seals in older, bowed trailers
- 2 Piece, 2" design is more user friendly than oversized conventional bulkheads.
- No new trailer tolerance concerns
- Easy to repair
- Thermal efficient
- If one side gets damaged, replace one side, not entire bulkhead.
- Reduce wear
- Reduce fuel costs
- Reduce driver fatigue
- Patented

Normally ships within 24 hours!

The ONLY manufacturer of Flexible Hard Sided Bulkheads!

Thermal image shows full temperature separation and better product protection.



Core
